Subject: **Crash of Air Blue Flight ED 202 – Wednesday July 28, 2010**  
**Request for Suo Moto for Independent and Transparent Inquiry into the reasons for the Crash**

Your Excellency,

Assalam O Alaikum,

This is in reference to the subject matter that we have already pleaded in your honorable court, dated 23<sup>rd</sup> August' 2010.

Sir, we are striving hard in all dimensions to get our basic human right of a "Right to Know" the cause of the Air Blue's ED202 crash that occurred on Jul 28, 2010. We have conducted press conferences, gone through media and newspapers to raise our voices but no one until now has come in front to listen to our prayer.

We are demanding Govt. Of Pakistan, CAA and Air Blue, for a transparent immediate inquiry of what caused and lead to this tragic incident that shattered the world of people who have lost their loved ones but also in most of the cases, the sole bread earners. Four months have passed since Pakistan's aviation history's biggest disaster occurred and it seems from the dismayed attitude of government functionaries that nothing has happened.

Further in addition to the AirBlue crash, there have been 2 more air crashes in Karachi, giving a glaring picture of apathy and a non resolve from Ministry of Defense, CAA and private airlines.

We are once again urging your good self to use your influence and help us in getting our right to know, as we trust the supremacy of your honorable autonomous courts.

With high regards,

Junaid Hamid
